

Claims 38 and 39 have been amended to overcome the rejection under 35 U.S.C. § 112. The term "second identification code" has been changed to "assigned identification code." The identification code for the remote telemetry device is assigned by the carrier as indicated in paragraph 0026 of the Specification. That assigned identification code can be changed by the carrier to a new second identification code as indicated in paragraph 0031 of the Specification. Claims 38 and 39 have been amended to clearly identify that procedure. Claims 37, 40 - 46 have been canceled. Claims 1-36, 38 and 39 remain the case. The Examiner had stated that these claims would be allowable if rewritten or amended to overcome the rejection under 35 U.S.C. § 112, second paragraph, which has been done by this response.

It is not believed that extensions of time or fees for net addition of claims are required, beyond those that may otherwise be provided for in documents accompanying this paper. However, in the event that additional extensions of time are necessary to allow consideration of this paper, such extensions are hereby petitioned under 37 C.F.R. § 1.136(a), and any fees required therefor (including fees for net addition of claims) are hereby authorized to be charged to Deposit Account No. 20-0778.

CONCLUSION

All of the claims as amended in the application are now allowable. An early and favorable Office Action allowing these claims is respectfully requested.

If the Examiner has any questions or comments regarding Applicants' response, the Examiner is encouraged to telephone Applicants' undersigned counsel.

Respectfully submitted,

Harold L. Marquis
